Re: APPLICATION FOR NEW FENCE

Dear Henry:

We have received your application for a new fence at 3700 West Henderson Road. However, a few items are missing:  
What is the height of the fence? What materials will be used in the construction of the fence?

Please remember that all bolts, posts, etc. should face inward towards your property. In other words, the nicest part of the fence should face your neighbors. For safety purposes, please call (800)-362-2764 or 8-1-1; or, visit [OUPS.org](http://OUPS.org) to request the location of underground utilities near your proposed digging site.

Should the location of the new fence impact a utility company's ability to access lines for repairs/maintenance in the future, the utility company may request a section (or more) be temporarily removed. The utility company, nor the township is responsible for any potential damage. The property owner is responsible for securing all other required permits (example: County Building Department, HOA, etc).

Please mail or email the information to me, or call if you have questions. Office hours are 8:30 am to 12:30 pm Monday, Wednesday and Friday. You may also contact me by email; my email address is listed below.

Sincerely,

John J. Canty
